Dear MacCready,

After reading the letter you received from Mr. and Mrs. Krepick, we want to encourage you to listen to the tax payers. The Krepicks have clearly stated the feelings of the majority and we share their frustration over this situation. What will it take for the people to be heard? This needs to be resolved once and for all with the desires of the tax payers taking priority.

Sincerely and with kind regards,
Mr. & Mrs. Ray Holm
